BANKING COMPLIANCE — STRICT RULES

- Minimum **5-bank strategy** for maximum funding exposure.
- **ONLY 3 commercial bank accounts may be opened within any 90-day cycle.**
- **Opening more than 3 triggers ChexSystems or EWS — permanently damages your banking profile.**
- **This limit applies to BOTH commercial AND personal accounts combined.**
- **Wells Fargo** must be open 60+ days before applying for WF funding.
- After 91 days — open remaining 2 accounts. Month 6: apply for more funding.

SMART FUNDING STRATEGY

- **\$100K–\$150K funded** = approx. **\$1,000/mo** payment (1%).
- Use only **90%** of funds. Keep 10% untouched as payment reserve.
- 70% credit / 30% cash? Set aside **10–15%** for debt coverage.
- Protects credit, avoids delinquency, qualifies for additional rounds after month 6.
- **This is not about feelings. It is about structure and discipline.**

CONCLUSION — THE STRUCTURED CYCLE

This structured cycle — patience, discipline, and a **10–15% reserve** — lets you scale funding safely and sustainably. Not about feelings. About **strategy and structure**. Strong foundations endure. Process over panic. Patience over pressure.
